Unlike any of the past few years, a completely new concept was introduced during this event - 'The Photo Booth', which was diligently designed by the hardworking members of our Forum.

This event was graced by the presence of several teachers, who liked the event, especially the concept of 'The Photo Booth'

The aim of the event was to act as a relaxation for the students before their fyc exams while at the same time, indirectly acting as a fun filled revision of the French language!

Throughout the year, the forum worked to promote and spread awareness about the French

culture, heritage and language while finding innovative et unique ways to do so. These fun filled events aimed mainly at breaking the ice and helping the students to think out of the box, all while enjoying the process of learning and getting acquainted with Parisien and French Culture and Language
