The Website Committee is a team of students who are responsible for updating the college website (www.rapodar.ac.in), Podar Facebook page and Podar App. The committee was set up to keep the students up to date with large number of activities that take place in the college.

The Website Team has been updating the following on the college website:

College Events

Achievements of Students

Photographs of Events

Articles of the college in Newspapers

Forum information

Facebook page

Instagram Account

The Website Committee decided to make an Instagram page to have a photographic record of the variety of activities happening in our College and also to use the page as a medium to promote events. It was launched in the first week of September, 2018. As on January 2019, it has around 1090 followers. To encourage increased participation in college events, the Team decided to display temporary posts, known as Stories, of the posters while the post event photos will be displayed permanently on the account.

Podar Canvas is a quarterly published e-newspaper, under the Website Committee, covering all the events and achievements. It has been a vital part of the college and is by the students and for the students. The Student In charge of Podar Canvas is Ms. Alka Joseph.
