

## Annual Report 2022-2023

### WEBSITE COMMITTEE

Teacher In-charge: Ms. Sudarshana Saikia

Student Secretary: Ms. Samiksha Shetty

Website of our college is a virtual imprint of the institution. It is the source of all updates accessible to all the stakeholders just one click away. The Website Committee is a dedicated team of students who are tasked with the responsibility of keeping the website, the Podar Facebook page, Instagram page and the Podar App updated with the latest information about the college.

A wide updation process that took place in the initial days of the academic year involved updating data about College bodies, their past annual reports, etc. Apart from publishing routine updates regarding important notices, results and other relevant information the Committee was involved in various announcements as well. This year our college introduced new courses for undergraduate as well postgraduate students and the Website Committee has been instrumental in creating awareness about those updates through ingenious usage of social media reels and posts regarding the courses. Along with that the official website was restructured to organize the information about the courses properly in the “Academics” Tab. A post regarding the HSC topper was uploaded on the official Instagram page and the news article intimating about the same was published under the “Achievements” section. Another glorious announcement was made to declare the All India Rankers for CA Intermediate examination from our college.

Additionally, an announcement regarding the World Junior Championship was published under “Achievements”. The Committee was also involved in the organization of the “Sahastra Chandra Darshan - A Confluence of Stakeholders” and its promotions through the official social media handles. Currently, the students are working towards restructuring the website to add a few more features to facilitate opportunities for young graduates and postgraduates.

Podar Canvas, the quarterly journal of Podar College activities, giving an insight into the various events that happen year round, was published for the first two quarters of this academic year under the guidance of our faculty in-charge.
