The companies were quite happy with the students. They gave them scores ranging between excellent, above average and average for punctuality, professionalism, and etiquettes. They had better-than-expected experiences with the cell and the POCs, and they had no significant problems with the cell.

The companies gave a few suggestions that the students should keep in mind before their interviews in future. They are:-

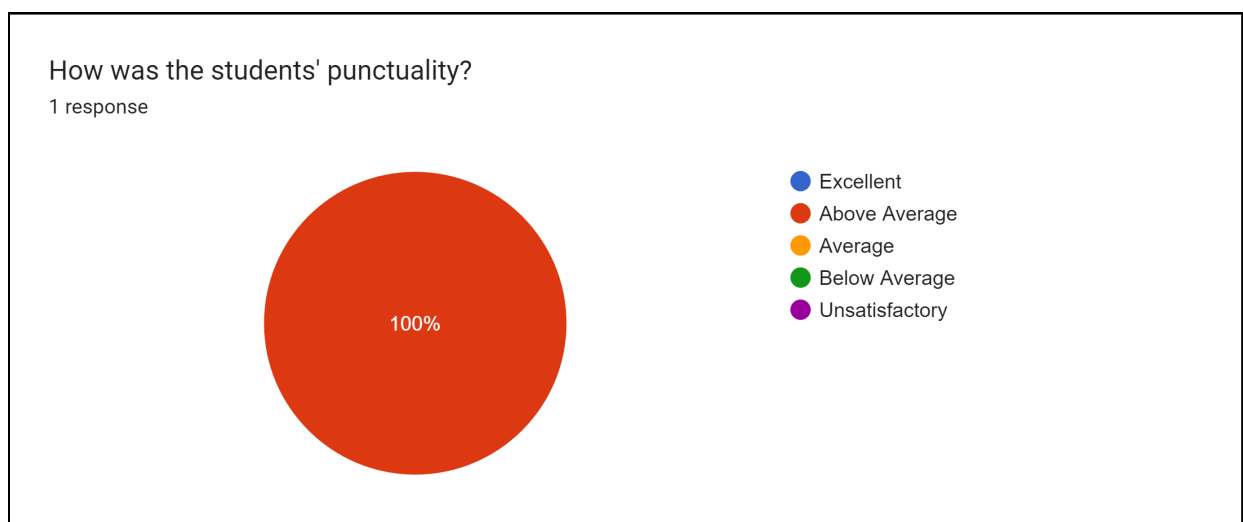

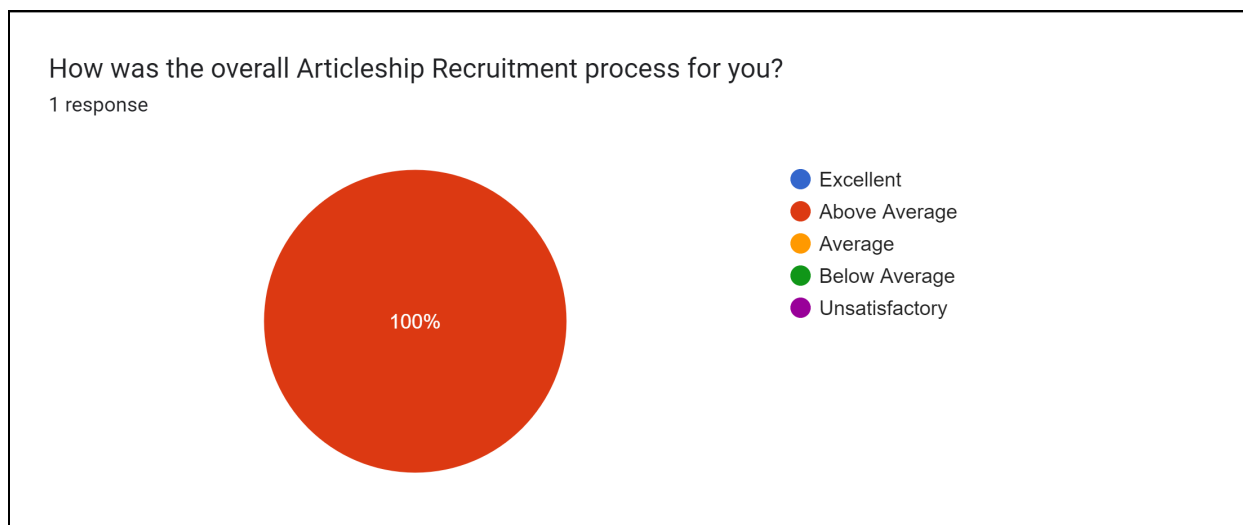

1. Students should have more awareness about current affairs.
2. Should be better prepared on the basic concepts related to the role they are applying for.
3. The students should participate in extra-curricular activities in order to improve their communication skills and interpersonal skills.
4. The applicants must improve their presence on social media.
5. There must be an improvement in the presentation skills of the students.

FIRST AND SECOND ARTICLESHIP WEEKS
