Student Coordinators	Sanika Walawalkar, Mandala Vedant & Gautami Pawar

Date of the event - 23rd July ,2024

Total No. of participants- 54

Male - 21 Female - 33

An AFCP Union Budget screening is an educational event designed to demystify the national budget for students. It involves a detailed analysis of key announcements made by the Finance Minister, breaking down changes in tax policies, sectoral allocations, and fiscal measures. The session focuses on assessing the budget's potential impact on the economy, businesses, and individuals, fostering discussions on its implications for financial markets and economic growth. Crucially, it aims to enhance students' financial literacy by providing insights into government finances and economic policies, encouraging interactive discussions and interpretations, and clarifying complex financial terms.

### **Finacc Intra 1.0**

Date of the event – 31<sup>st</sup> July ,2024

Total No. of participants - 54

Male - 36 Female - 16

Finacc Intra 1.0, conducted by AFCP, was a comprehensive intra-collegiate finance and accounting competition designed to test and enhance students' financial acumen through a series of engaging events. Risk Tactica involved strategic decision-making in a simulated financial environment where participants analyzed risks, managed portfolios, and made investment choices under varying market conditions, testing their ability to handle financial uncertainty. Trails of Tryst was a problem-solving and analytical challenge, possibly involving case studies or financial puzzles, where participants applied their knowledge of accounting and finance to navigate complex scenarios and arrive at optimal solutions. Wall of Streets focused on stock market simulation or trading, with participants engaging in virtual trading, analyzing market trends, and making investment decisions to maximize returns, providing a practical experience of the stock market. Finacc Intra 1.0, as a whole, aimed to provide a holistic learning experience, combining theoretical knowledge with practical application through these diverse and challenging events.

### **Finacc Inter-Collegiate 10th Anniversary**

Date of the event - 23rd and 24th August ,2024

Total No. Of Participants - 150

Male - 95 Female - 55

Celebrating a decade of financial excellence, AFCP's FinAcc 10th Anniversary fest was a spectacular two-day extravaganza, a testament to years of nurturing financial acumen. This landmark event transcended the typical competition, evolving into a comprehensive financial symposium. Ten meticulously crafted events challenged participants across diverse financial domains, pushing the boundaries of their knowledge and strategic thinking. Complementing the competitive spirit were insightful panel discussions, featuring industry titans and academic luminaries, who shared their expertise and perspectives on the evolving financial landscape. Engaging seminars further enriched the experience, providing deep dives into critical financial topics, and fostering a dynamic exchange of ideas. The fest wasn't just a celebration of past achievements; it was a launchpad for future financial leaders, a confluence of learning, competition, and networking, marking a significant milestone in AFCP's journey.

### **Finacc Intra 2.0**

Date of the event - 10th January ,2025

Total No. of Participants- 50

Male -33 Female -17

FinAcc 2.0, organized by AFCP, broadened its scope by incorporating contemporary financial challenges, featuring events like Business Analyst, Crypto-Decrypto, and Moneyball. The Business Analyst segment tested participants' ability to analyze business data, identify trends, and provide strategic recommendations, emphasizing financial interpretation and market research. Crypto-Decrypto delved into the complexities of the cryptocurrency market, challenging participants to understand and analyze digital assets and blockchain technology. Moneyball, drawing inspiration from data-driven decision-making, focused on utilizing statistical analysis to make informed financial choices, potentially involving the identification of undervalued assets or the prediction of market trends. Overall, FinAcc 2.0 was designed to equip students with the skills required to navigate the modern financial landscape, integrating business analysis, cryptocurrency understanding, and data-driven decision-making.

### **Conclusion**

In conclusion, the AFCP forum, encompassing a diverse range of events from the analytical challenges of FinAcc Intra 1.0 and 2.0 to the comprehensive celebration of the 10th Anniversary fest, successfully fostered a vibrant environment for financial learning and application. Through events like Risk Tactica, Trails of Tryst, Wall Street, Business Analyst, Crypto-Decrypto, and Moneyball, participants were challenged to refine their skills in risk assessment, problem-solving, market analysis, and data-driven decision-making. The inclusion of Union Budget screenings, panel discussions, and seminars further enriched the forum, providing valuable insights into current financial trends and expert perspectives. Ultimately, the forum's success lies in its ability to bridge the gap between theoretical knowledge and practical application, equipping students with the tools and understanding necessary to navigate the complexities of the modern financial world, and marking a significant contribution to their holistic development.
