

Innovation Cell

Teacher In-charge: Mr. Akshay Shingare
Student Secretary: Ms. Disha Ranade

About the forum:

The Innovation Cell is a forum where students from our college will be encouraged to come up with innovations and advance their knowledge.

The main objective of the Innovation Cell is to let students explore, research, and use all the tools to uncover something new. The vision of the Innovation Cell is to prepare students to use their young minds productively and contribute towards developing our nation.

Event 1: Chandrayaan 3 Interactive Talk

Day and Date: August 23, 2023

Time and Venue: 11:10 a.m. F2 Classroom

Number of attendees: 38 males, 62 females

Description:

Podar: Nurturing Intellect, Creating Personalities

An interactive talk on Chandrayaan 3 The speaker and resource person for the talk was Mr. Archit Gokhale, an amateur astronomer and alumnus of the college. The talk was organized and conducted by the Innovation Cell in collaboration with the Hobby Circle of the college. He presented the overview of Chandrayaan 3, launching details, objectives, trajectory glances, mission details, scientific payloads, and the difference between Chandrayaan 3 and Chandrayaan 2, and provided every minute of information about the process of Chandrayaan 3 making and the journey. Certain misconceptions of the audience related to Chandrayaan 3 were also cleared by him.

Event 2: Startup Guidance Platform

Day and Date: January 17,2024

Time and Venue: 6 p.m. to 7 p.m. online

Number of attendees: 10 male, 12 female

Description:

The orientation webinar on startup guidance by CA Mr. NILESH GORE's lecture highlighted points like the importance of startups and the skills required for startups, and he also introduced his upcoming series of workshops, which will be hosted by himself.

Event 3: MEME IT UP 2.0

Day and Date: 18th January 2024

Time and Venue: online

Number of participants: 18 male, 10 female

Description:

Meme It Up 2.0 was an online competition where participants had to make 1–2 memes (at their discretion) to promote a particular product or service. Here, their convincing power, marketing, and business skills were evaluated, along with their meme-making ability. The judge for this event was Mr. Akshay Shingare.

Event 4: Masterclass in Designing

Day and Date: 19th January 2024

Time and Venue: 10:45 AM, F8 Classroom

Number of attendees: 29 male, 16 female

Description:

To keep pace with today's world, it is very important to be creative and think outside the box. All the attendees were very curious to know about VFX and animation, and the seminar "Masterclass of Designing" by Mrs. Sangeita Pande was so apt for it.
